NEW BOOKS, Summer 2020

**Vol. 368 Sustainable Living**

The majority of people are concerned about how our demand for resources is affecting the planet. Our throw away society must change in order for us to preserve the world we live in. This book looks at issues and solutions, how to keep the environment healthy and minimise our impact, and how we can live more sustainably. It also considers sustainable food and fashion and how we can be more responsible in our choices.

ISBN: 978 1 86168 825 5

*Replaces Vol. 290 Sustainability*

**Vol. 369 LGBT+ Issues**

With one in five young people identifying as LGBT+, gender identity and sexuality is an increasingly important topic. To help readers understand gender and sexuality, this book looks at the issues that face young people today, and explores them, such as legal rights, mental health and LGBT+ awareness.

ISBN: 978 1 86168 826 2

*Replaces Vol. 297 Sexuality and Gender*

**Vol. 370 Domestic Violence and Abuse**

According to the Office of National Statistics (ONS) about 4.2% of men and 8.4% of women suffered domestic abuse in England and Wales during 2019. Anyone can be a victim of domestic violence, regardless of gender, age, ethnicity, socio economic status, sexuality or background. This book looks at different types of abuse, explores facts, statistics and myths surrounding the issue and considers different approaches to tackling this serious problem

ISBN: 978 1 86168 827 9

*Replaces Vol. 296 Domestic Violence*

**Vol. 371 The Internet and Us**

In the UK we spend approximately 50 days a year online. As the internet is an increasingly important part of our lives, we must ask ourselves 'how does the internet affect me?'. This book explores the role the internet plays in the world today, and how we can stay safe online.

ISBN: 978 1 86168 828 6

*Replaces Vol.299 The Internet of Things*

**Vol. 372 Our Human Rights**

In spite of our ever socially evolving world, human rights violations around the globe continue to shock. In the ILO's (International Labour Organisation) latest report there are an estimated 40.3 million victims of human trafficking worldwide. In this book we look at the history of human rights, human rights law and human rights issues such as FGM, child marriage and modern slavery.

ISBN: 978 1 86168 829 3

*Replaces Vol. 300 Human Rights*

**Vol. 373 Drug Use and Abuse**

According to recent statistics 9.4% of UK adults aged 16 to 59 have taken illicit drugs in the last year. In 2019 the UK saw its highest ever levels of drug related deaths –making the UK the country with the highest number in Europe, three times higher than the average. This book explores legal and illegal drugs and the dangerous effects they can have on individuals and society as a whole. We also look at UK drug laws and the resources available to help those suffering with an addiction.
